Board appointments

Before appointing a director to the Board, or putting forward to shareholders a director for appointment, the Company undertakes comprehensive reference checks that cover elements such as the person's character, experience, employment history, qualifications, criminal history, bankruptcy history, and disqualified officer status. Directors are required to declare each year that they have not been disqualified from holding the office of director by the Australian Securities and Investments Commission ('ASIC').

An election of directors is held each year. A director that has been appointed during the year must stand for election at the next Annual General Meeting ('AGM'). At least one-third of directors, other than the Managing Director, must retire and seek re-election at each AGM of the Company.

The Company provides to shareholders for their consideration information about each candidate standing for election or re-election as a director that the Board considers necessary for shareholders to make a fully informed decision. Such information includes the person's biography, which include experience and qualifications, details of other directorships, adverse information about the person that the Board is aware of including material that may affect the person's ability to act independently on matters before the Board, and whether the Board supports the appointment or re-election.

The terms of the appointment of a non-executive director are set out in writing and cover matters such as the term of appointment, time commitment envisaged, required committee work and other special duties, requirements to disclose their relevant interests which may affect independence, corporate policies and procedures, indemnities, and remuneration entitlements.

Executive directors and senior executives are issued with service contracts which detail the above matters as well as the person or body to whom they report, the circumstances in which their service may be terminated (with or without notice), and any entitlements upon termination.

The Company Secretary reports directly to the Board through the Chairman and is accessible to all directors. The Company Secretary's role, in respect of matters relating to the proper functioning of the Board, includes:

- advising the Board and its Committees on governance matters;
- monitoring compliance of the Board and its Committees with policies and procedures;
- coordinating all Board business;
- retaining independent professional advisors;
- ensuring that the business at the meetings of the Board and its Committees is accurately recorded in the meeting minutes; and
- assisting with the induction and development of directors.

Diversity

The Company has a diversity policy which requires the Board to set measurable objectives for achieving gender diversity and to assess the objectives and the Company's progress towards achieving them on an annual basis.

The policy aims to provide a work environment where employees have equal access to career opportunities, training and benefits. It also aims to

ensure that employees are treated with fairness and respect, and are not judged by unlawful or irrelevant reference to gender, age, ethnicity, race, cultural background, disability, religion, sexual orientation or caring responsibilities. This commitment enables the Company to attract and retain employees with the best skills and abilities.

The Company's objectives in relation to gender diversity are:

- to recruit from a diverse range of people;
- to ensure all employees have equal access to opportunities in the workplace;
- to ensure there is equal pay for equal work; and
- to continue to build an environment that is accepting of a diverse range of backgrounds and views.

The respective proportion of women and men in the Company and its subsidiaries as at 30 June 2020 were as follows:

Board	Men 75%	Women 25%
Senior Executives	Men 71%	Women 29%
All Employees	Men 59%	Women 41%

For this purpose, the Board defines a senior executive as a person who makes, or participates in the making of, decisions that affect the whole or a substantial part of the business or has the capacity to affect significantly the Company's financial standing. This therefore includes all senior management and senior executive designated positions as well as senior specialised professionals.

The Company is compliant with the Equal Opportunity for Women in the Workplace Act 1999.

Board performance

The Board reviews its performance regularly, as well as the performance of individual committees and directors. The process of evaluation consists of assessing the relative strengths and weaknesses of the directors and the committees they are members of and identifying areas that can be improved. This is achieved by way of collective Board discussions and individual interviews. The use of an external facilitator may be utilised periodically to assist in the review process.

A formal Board performance evaluation was completed during the year ended 30 June 2020.

The Board conducts an annual performance assessment of the Managing Director against agreed performance measures determined at the start of the year. The Managing Director undertakes the same assessments of senior executives. In assessing the performance of the individual, the review includes consideration of the senior executive's function, individual targets, group targets, and the overall performance of the Company.

The Managing Director provides a report to the Board on the performance of senior executives together with remuneration recommendations which must be approved by the Board after consultation with the Remuneration and Human Resources Committee. The last review of senior executives in accordance with this process was undertaken during June 2020.

The Board is structured to add value

Skills and experience

The Board has not established a separate nomination committee, instead the responsibility for the activities of a nominations committee rests with all non-executive directors as named in the Annual Report.

The Board currently believes that its membership adequately provides the appropriate mix of skills and experience. External consultants may be brought in with specialist knowledge to address areas where applicable.

Independence

The Board assesses annually the independence of each director to ensure that those designated as independent do not have any alliance to the interests of management, substantial shareholders or other relevant stakeholders. They must be free of any interest, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect, their capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company and its security holders generally.

The Board may determine that a director is independent notwithstanding the existence of an interest, position, association or relationship of the kind identified in the examples listed under Recommendation 2.3 of the ASX Principles and Recommendations. Having regard to Recommendation 2.3, the majority of the Board at the reporting date were considered to be independent.

John Ingram is Chairman of the Board and is considered to be an independent director of the Company.

New directors undertake an induction program coordinated by the Company Secretary on behalf of the Remuneration and Human Resources Committee. The program includes strategy briefings, explanations of company policies and procedures, governance frameworks, cultures and values, company history, director and executive profiles and other pertinent company information. Where appropriate, a director development program is also available which is coordinated by the Company Secretary to ensure that directors can enhance their skills and remain abreast of important developments to enable them to discharge their director obligations as effectively as possible.
